PROFESSIONAL EXPERIENCE

Frontend Developer   02/2022 – 06/2023 | Remote, Australia
BetterCast ⧉
- **Significantly refactored** the codebase to reduce complexities and enhance maintainability, increasing efficiency and reduced time for code reviews.
- **Personally recommended by CTO** for tackling any issue that arises and exceptional responsiveness for enquiries and urgent issues

Frontend Developer   02/2019 – 06/2021 | Remote, Singapore
Appvantage Asia ⧉
- **Effectively organized** and **developed** multiple projects with a tight deadline as the **sole** React Developer, with high customer satisfaction which includes **notable clients** such as Cycle & Carriage, Mercedes Benz, Mazda, Kia, Mitsubishi, and more.
- **Adapted** and **maintained existing projects** quickly despite unfamiliar programming languages.
- **Recommended by Project Manager** for exceptional troubleshooting skills, adaptability, and meeting stringent deadlines.

Frontend Developer / Co-Founder   02/2018 – 02/2019 | Myanmar
InnovatoryMM
- Developed the landing page and mobile app as the **sole** Front End Developer, which even got into the local news.
- Created a blockchain-themed voting system for Yangon Technological University Students' Union as the sole Front End Developer, which was selected with the **highest votes** among the systems.
